

Creating a New LinkedIn Learning User Account

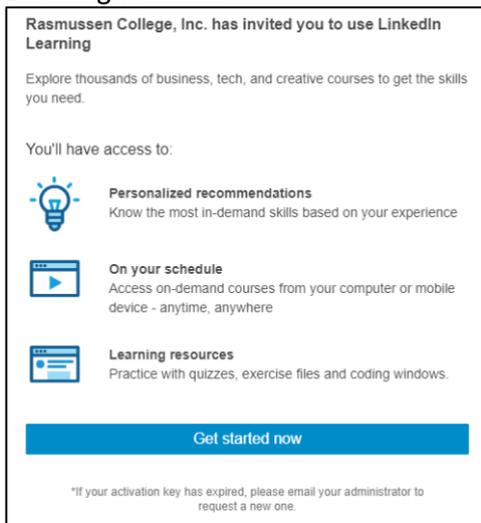

As a member of Rasmussen University, you are provided access to a wealth of tutorial videos and demonstrations through our LinkedIn Learning contract (formerly Lynda.com). Your courses may require you to watch specific videos, however you are also free to leverage this learning tool as much as you'd like, including for self-exploration of additional topics or technologies outside of required course content.

Setting up your new LinkedIn Learning account is easy!

1. Visit <https://www.linkedin.com/learning/activate>.
2. Enter your **Rasmussen email account** and click on **“Verify email.”** Please note that no personal email accounts should be used, as these are not connected to our Rasmussen contract and may require you to pay for personal access.

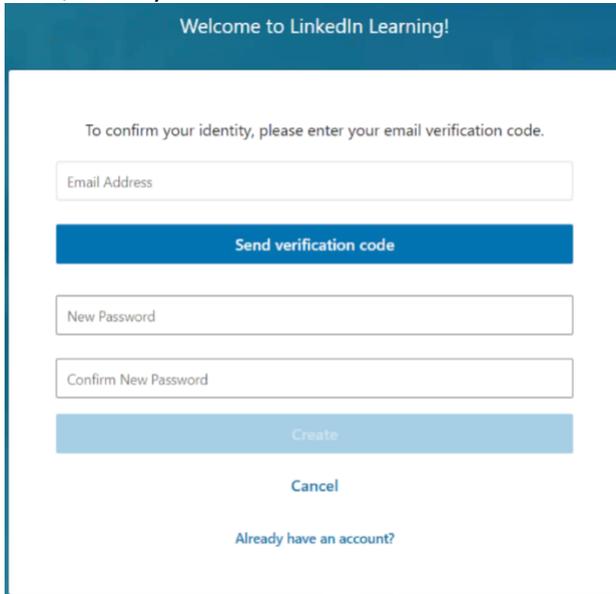

3. Next, check your Rasmussen email for the “Get Started” message from LinkedIn Learning. Click on the **“Get started now”** button to continue. This will take you back to the LinkedIn Learning website.

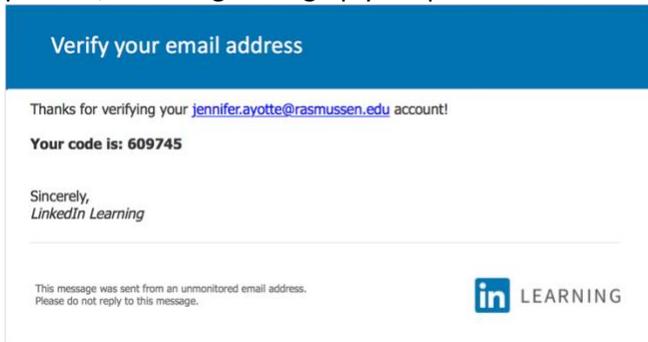

NOTE: If you have an existing personal or professional LinkedIn account, you may connect it to your new LinkedIn Learning account, however this **is not required**. If you choose to do so, your account set up process will be shorter and may not include all remaining steps shown below.

- Next, enter your email address and click on **“Send verification code.”**

The screenshot shows a web form titled "Welcome to LinkedIn Learning!". Below the title, it says "To confirm your identity, please enter your email verification code." There are three input fields: "Email Address", "New Password", and "Confirm New Password". Below the "Email Address" field is a blue button labeled "Send verification code". Below the "New Password" and "Confirm New Password" fields is a light blue button labeled "Create". Below the "Create" button is a link labeled "Cancel". At the bottom of the form is a link labeled "Already have an account?".

- Check your email account for the verification email. Once you receive the verification code, enter that code on the LinkedIn Learning website to complete the account activation process, including setting up your password.

The screenshot shows an email titled "Verify your email address". The body of the email says "Thanks for verifying your jennifer.ayotte@rasmussen.edu account!". Below that, it says "Your code is: 609745". Below that, it says "Sincerely, LinkedIn Learning". At the bottom left, it says "This message was sent from an unmonitored email address. Please do not reply to this message." At the bottom right, there is the LinkedIn Learning logo.

- Continue setting up and customizing your account to your liking. That's it!
